Summary

Frontend Developer passionate about building intuitive, accessible, and high-performance web applications with JavaScript, React.js, and TailwindCSS. A collaborative team player with strong problem-solving skills and a keen eye for UI/UX details. Dedicated to continuous learning and delivering user-focused digital solutions that create real value.

Technical Skills

- **Languages:** JavaScript (ES6+), HTML5, CSS3
- **Frameworks & Libraries:** React.js, TailwindCSS, Framer Motion
- **State Management:** useState, useEffect, useReducer, Redux, React Query (TanStack Query)
- **Backend & APIs:** Supabase, REST APIs
- **Tools & Platforms:** Git/GitHub, VS Code, Chrome DevTools, Vercel

Non-Technical Skills

- Time management
- Communication skills
- Attention to detail
- Growth mindset
- Emotional intelligence
- Teamwork & collaboration
- Problem-solving

Work Experience

Frontend Developer – Solnx Lab

April 2025 – Present | Remote

- Develop and maintain web-based applications using HTML, CSS, JavaScript, and frameworks like React
- Ensure responsive and user-friendly design implementation across all devices

- Collaborate with back-end developers, UI/UX designers, and product teams to deliver cohesive solutions
- Participate in code reviews and testing to maintain code quality and best practices
- Troubleshoot and debug front-end issues to ensure optimal application performance
- Document front-end development processes and maintain version control using Git/GitHub
- **Tech Stack:** HTML, CSS3, ReactJS, JavaScript, TailwindCSS, Git/GitHub, Vercel

Projects

Prime Touch Cleaning Services – Full-Stack Web App

Built with React.js, TailwindCSS, and Supabase. Implemented backend services with Supabase and focused on clean design, reusability, performance, and responsive usability across devices.

Live Demo: <https://prime-touch-cleaning-services.vercel.app/>

Medvanceng – Frontend Website

Developed using React.js and TailwindCSS with no backend integration. Emphasized modern UI, responsive design, and smooth user experience.

Live Demo: <https://medvanceng.vercel.app/>

Reinaflo – Personal Brand Showcase Website

Developed a sophisticated personal brand showcase website for a professional sportsman. The platform features a comprehensive work history timeline, displays of global achievements and accolades, and a polished portfolio presentation. Built with React.js, JavaScript, TailwindCSS, and Framer Motion to deliver smooth animations and modern visual design that effectively highlights the client's professional accomplishments and athletic excellence.
